

Global Accreditation Partner

Accreditation, Quality Assurance & Education Systems Support

Build a credible pathway to accreditation readiness.

HEEM works with international institutions, school networks and education organizations seeking U.S. accreditation pathways, stronger quality assurance infrastructure and decision ready operating models.

WHO WE SUPPORT

Colleges and universities •
American-style primary and
secondary schools • Education
organizations and school
networks

ENGAGEMENT FEE

Custom engagement fee •
Scope and fees are established
before work begins

A GLOBAL PARTNERSHIP BUILT AROUND THREE PRIORITIES

01

Map the Pathway

*Clarify recognition goals, options
and decision points.*

- U.S. accreditation pathway mapping, including
NECHE, MSCHE and WSCUC
- Eligibility, mission and institutional readiness assessment
- Country and regulatory context review
- Staged roadmap, priorities and key risks

02

Build Quality Infrastructure

*Align governance, academics,
evidence and accountability.*

- Board, leadership and governance readiness
- Policy and curriculum redesign
- Faculty qualifications alignment
- Learning outcomes and assessment system design
- Evidence architecture and document workflows

03

Prepare for Accreditation

*Strengthen institutional readiness
and execution.*

- Accreditor liaison and coordination support
- Readiness rehearsals and mock interviews
- Site visit planning and preparation
- Leadership coaching for international teams
- Implementation and progress guidance

TAILORED DELIVERABLES MAY INCLUDE

Accreditation roadmap • Readiness and gap assessment • Quality assurance framework •
Evidence plan and document workflow • Leadership findings session • Implementation guidance

ENGAGEMENT PLANNING

Institution / network: _____
Country / jurisdiction: _____
Target pathway: _____
Desired timeline: _____

INITIAL ENGAGEMENT PRIORITIES

- ☐ Pathway selection ☐ Initial accreditation ☐ Quality assurance system
☐ Governance and policy ☐ Evidence and assessment ☐ Site visit readiness

Primary question or priority: _____

SCOPE & FEE NOTE

Custom fees reflect country and regulatory context, institution or network size, accreditation pathway, readiness level, timeline, stakeholder participation and onsite support. Travel is billed separately when required.

HEEM provides accreditation readiness, quality assurance, project management and advisory support. Eligibility and accreditation decisions remain solely with the applicable accrediting organization. Institutions retain responsibility for jurisdiction specific legal and regulatory requirements.
